

This example shows how to embed images from workflows stored on [www.crowdlabs.org](http://www.crowdlabs.org). Please refer to [http://www.crowdlabs.org/site\\_media/static/user\\_docs/vistrails\\_usage.html](http://www.crowdlabs.org/site_media/static/user_docs/vistrails_usage.html) for instructions on how to publish workflows on crowdLabs. The images below were generated using crowdLabs.

This was using isosurfacing:

This was using volume rendering:
